

OVERVIEW

Due to continued expansion Star GB require experienced service engineers to join our customer support team.

Reporting to the Service Manager the role will include extensive travel throughout the UK and Eire (nights away will be required).

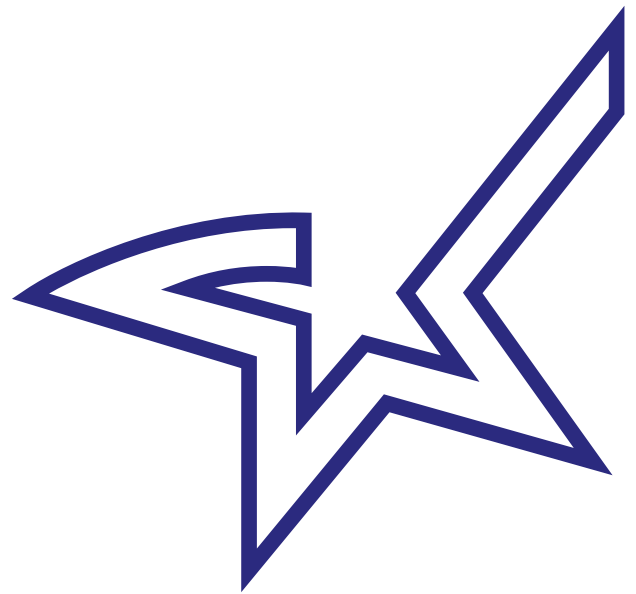

Experience of Fanuc control systems and working on multi axis CNC lathes is essential. The candidate must have strong mechanical and electrical knowledge, be experienced with diagnostic fault finding and be able to work with basic pneumatic and hydraulic systems. The candidate must be self-motivated, be able to work on their own initiative and within a team when necessary. Effective communication and IT skills are also essential.

Sliding head experience is not essential as extensive product training will be provided.
